

Online Meeting on “Lignocellulosic Ethanol”

Wednesday, 11 November 2020,
16:00-17:30 CET

Moderator:
Dina Bacovsky

ETIP Bioenergy Working
Group 2, Chair
BEST

Speaker:
Francisco Gírio

LNEG

Speaker:
Paolo Corvo

Clariant

Speaker:
Patrick Pitkänen

St1 Oy

The ETIP Bioenergy Working Group 2 (Conversion Processes) is organising an online meeting on “Lignocellulosic Ethanol” on 11 November 2020, 16:00-17:30 CET. Our online meetings serve to inform, engage, and support industrial stakeholders and academia by describing recent experience and best practice examples of biomass energy technology development, deployment and associated logistics.

Francisco Gírio, National Laboratory of Energy and Geology (LNEG), will give a presentation on the technology basics. From the industry side, Paolo Corvo, Clariant, and Patrick Pitkänen, St1, will present about technology specifics and technology roll-out. Each presentation of 15-20 minutes will be followed by the opportunity for the audience to raise questions. Please click on the names of the speakers for further information on their professional background.

The online meeting will be moderated by Dina Bacovsky, Chair of ETIP Bioenergy Working Group 2/BEST – Bioenergy and Sustainable Technologies GmbH.
